FOR IMMEDIATE RELEASE

July 12, 2010

BUSINESS SECTION

NOMS Healthcare is proud to announce their partnership with Revolution3 Cedar Point Triathlon which takes place on Sept 12, 2010. Cedar Point is the host venue for Rev3's inaugural full distance race. The full distance triathlon consists of a 2.4 mile swim, 112 mile bike, and finishes off with a complete marathon which is a 26.2 mile run.

Revolution3 is unique in its approach to bringing the sport of triathlon into a city as it believes in a community-based effort and is committed to changing the way athletes and family members view and participate in triathlons of all distances. One of Rev3's goals is to make triathlons a more interactive, enjoyable experience for spectators by providing fun activities for the entire family during the race. Cedar Point is the perfect place to accomplish these goals. This will be a world-class event with world-class professional triathletes coming in from all over the world.

NOMS Healthcare will be the exclusive medical sponsor. This level of involvement includes operating, managing, staffing and treating the triathletes at the medical tent. NOMS Healthcare is honored and excited to be part of this event and look forward to this great opportunity. "Revolution3 is excited to partner with NOMS Healthcare because they really understand the needs of the athletes and will be able to provide the best care for them," Eric Opdyke, Revolution3 Race Director
